

EVENT SPACE

Please note that room capacities are subject to change based on your setup requirements. Function space charges include the following: setup, breakdown, room reconfiguration, as well as the hotel's inventory of tables, chairs, centerpieces, linens, skirting, flatware, glassware and silverware. For larger functions, a sliding scale for event space charges may be implemented depending on the number of blocked guest rooms picked up (Guest room pickup is the number of rooms within the group block that are reserved and used/paid for during the event). For more information about our availability and pricing, contact the Director of Sales at (406) 556-6213.
